PLAYMOBIL on the way to a more sustainable future

To protect our planet and the future of our children, we are working hard to improve our processes and make them more sustainable. Through an intensive development process and the use of innovative materials, we are already able to implement proven PLAYMOBIL standards, such as the usual high quality, durability and fulfilment of high safety standards, in a sustainable way. Recognisable at first glance by our logos on the packaging.

PLAYMOBIL JUNIOR: New and made from > 90 % plant-based plastic

At the beginning of 2024, PLAYMOBIL was the first major toy manufacturer worldwide to switch the production of all products for small children to plant-based materials*. Under the new brand name PLAYMOBIL JUNIOR, play sets for children aged 1-4 years are made with materials from at least 90% plastics that can be recycled in accordance with the mass balance approach used in the circular economy and in accordance with the ISCC 208 standard, that are left over from food or paper production. For the PLAYMOBIL JUNIOR packaging, we use at least 90% recycled cardboard and 100% recycled paper for PLAYMOBIL JUNIOR packaging and avoid plastic wherever possible.

playmobil®

Let's act more responsibly - even more play worlds are being made with recycled and bio-based plastics

After Wiltopia, the organic farm and Horses of Waterfall have already been realised with recycled and bio-based material, three more play worlds will be added to the sustainable PLAYMOBIL range in 2024:

The Tiny House, the new PLAYMOBIL House and the Dinos. This means that in 2024 there will be a total of six PLAYMOBIL series on the market that are *on average made from over 80% recycled and bio-based materials. PCR plastics, i.e. recycled plastics, and bio-based plastics are used. Film bags made from 100% recycled plastics are used for packaging. Shipping/sales packaging and the assembly instructions are made from almost 100% recycled cardboard or recycled paper.

Wir fertigen unsere PLAYMOBIL JUNIOR Spielsets zu mindestens 90 % aus Kunststoffen, die sich nach dem in der Kreislaufwirtschaft verwendeten Massenbilanzansatz und in Anlehnung an den ISCC-208-Standard rechnerisch zu Materialien zurückverfolgen lassen, die bei der Lebensmittel- oder Papierherstellung übrig bleiben. Diese Kunststoffe sind wie gewohnt robust und pflegeleicht. Für unsere Verpackungen verwenden wir mindestens 90 % recycelte Pappe sowie 100 % recyceltes Papier und verzichten, wo möglich, auf Plastik.

***PLAYMOBIL is committed to increasing sustainability!**

We're manufacturing our PLAYMOBIL JUNIOR playsets from at least 90% plastics that can be traced back to materials left over from food or paper production according to the mass balance approach used in the circular economy and based on the ISCC 208 standard. These plastics are just as robust and easy to clean as ever. We use at least 90% recycled cardboard and 100% recycled paper for our packaging, avoiding plastic wherever possible.

Nos jouets PLAYMOBIL JUNIOR sont fabriqués à partir d'au moins 90 % de matières traçables qui proviennent de la production alimentaire ou de papier (taux calculé avec la méthode du bilan massique utilisée dans l'économie circulaire et basée sur la norme ISCC 208). Ces matières offrent une résistance et une facilité d'entretien équivalentes à celles des matières plastiques qui proviennent de ressources non renouvelables. Nous intégrons au moins 90 % de carton et un minimum de 100 % de papier recyclé dans nos emballages, tout en réduisant autant que possible les emballages en plastique.

Recipe for SUGAR-FREE BANANA MUFFINS

This healthy treat is an absolute hit in the 24-hour farm shop. The farm family has therefore posted the recipe, so that you can bake the muffins too!

- INGREDIENTS FOR 5 MUFFINS**
- 1 ripe banana
 - 70 grams of rolled oats
 - 30 grams spelt flour
 - 1 egg
 - 1 teaspoon baking powder
 - 2 tablespoons nut butter
 - 1 pinch of salt
 - 1 tablespoon of oil

PREPARATION
 Mash the banana with a fork. Then add all the ingredients and mix together. Then pour the mixture into the muffin moulds. They are now ready to go into the oven at **160 degrees (fan oven)**. Please get adult supervision before you do this! The muffins are ready after **about 15 minutes!**

CAN YOU FIND THE ANSWER?

1. The beekeeper is proud of her busy honey bees! How many jars of honey could she extract from the hive?
2. A rabbit has escaped and made itself at home far away from the hutch! **Can you find it?**
3. There are lots of sheep on the farm - but exactly how many? **Count them all!**
4. The farmyard dog and a cat seem to have got into a fight. **Can you find the two squabblers?**
5. **Who does the farmer's wife** startle out of a cosy nap?
6. The young shepherd is looking for his dog, who was last seen near the jam stall, but then he ran off. **Where is he? Follow his trail!**
